

Elevate camps presents our summer theme, TORCHED, “and the Altar of the Gods”

We will explore the ultimate tribal council where Elijah challenges the Prophets of Baal to a contest of fire. Following the crowd, we often look to many lesser gods for identity, love and acceptance. This summer we will follow the path of one man who dared to challenge the culture. The contest of altars proves that the God who answers by fire, He is GOD.

We are mixing Survivor and Indiana Jones this year to make an epic theme. Four Tribes will compete in survivor style challenges for ultimate dominance.
